

FIELD TRIPS

ENVIRONMENTAL EDUCATION EXPERIENCES

Great Plains Nature Center programs offer students a chance to learn about the natural world through hands-on, exciting experiences, guided by our professional naturalists.

Each field trip brings your curriculum to life through a **fully outdoor, 1.5-hour learning experience**. Check out our field trip choices and choose the one that best suits your group.

MAKING A DIFFERENCE (K-2ND)

Humans have a lot of impacts on plants and animals! Learn how you can make a positive difference on your local environment on this field trip. (K-ESS3-3)

SENSATIONAL SENSES (K-2ND)

Our senses help us survive and learn about our world. They do the same for animals (and plants)! Learn about how living things use their senses to survive and grow. (1-LS1-1,LS1.D)

PLANT TEAMWORK (K-2ND)

Plants can't move, so they have to use teamwork to survive! Learn how plants use pollination and seed dispersal to travel and spread out without moving a muscle. (2-LS2-2)

Programs available Mon.-Fri., FREE. Visit gpnc.org/educational-programs/ to schedule. Questions? Contact us: 316-683-5499 or email programs@gpnc.org

FIELD TRIPS

ALL FIELD TRIPS ARE FULLY OUTDOORS AND ARE 1.5 HOURS LONG
TRANSPORTATION MUST STAY ON PREMISES

GREAT PLAINS NATURE CENTER

MIGRATION MADNESS (3RD-5TH)

Learn how animals travel to new places to find food, survive changing seasons, and continue their life cycles. Explore how migration helps animals adapt and thrive. (3-LS2-1, 3-LS4-3)

AMAZING ADAPTATIONS (3RD-5TH)

Discover the fascinating ways that animals and plants respond to the pressures of their environments using examples from the world of birds and more! (4-LS1-1)

HELPING THE EARTH (3RD-5TH)

Investigate how humans effect our environment and resources. Learn what we can do to help by exploring aquatic creatures! (5-ESS3-1, ESS3.C)

WATER QUALITY (MS AND HS)

Do you know where your water comes from? Learn more about the importance of stream quality, how to check it, and how humans can reduce their impact on our water sources. (HS-ESS3-3, HSESS3-4)

Programs available Mon.-Fri., FREE. Visit gpnc.org/educational-programs/ to schedule.
